1. The first part of the paper discusses the importance of the role of the state in the development of the economy. It argues that the state should play a leading role in the development of the economy, particularly in the areas of infrastructure, education, and health care. The paper also discusses the importance of the role of the private sector in the development of the economy, and the need for a balance between the two.

1

1. The first step is to identify the problem or question that needs to be addressed. This involves understanding the context and the specific requirements of the task.
